Moose tracing and cutout studies

ex2-0803 / LETTER / Broad-antler side outline / 150 mm

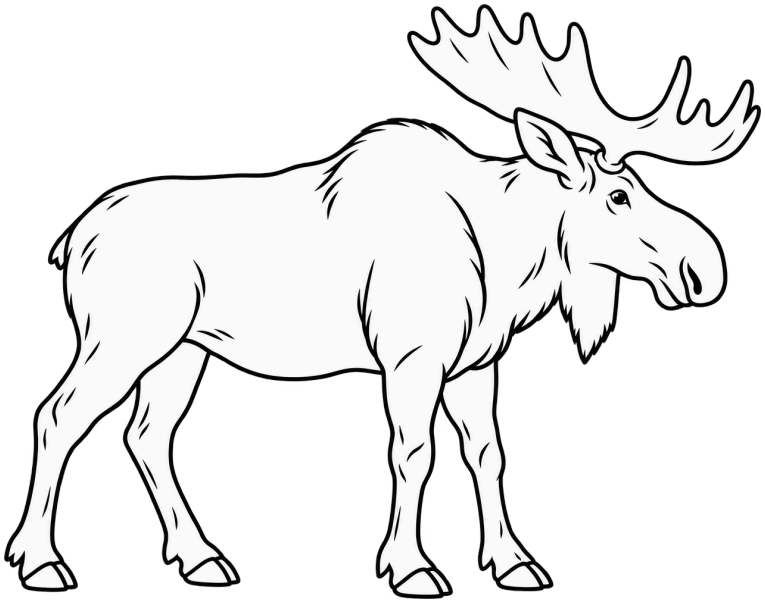

Longest drawing axis: 150 mm. Bounds: 150.0 x 118.0 mm.

50 mm print check

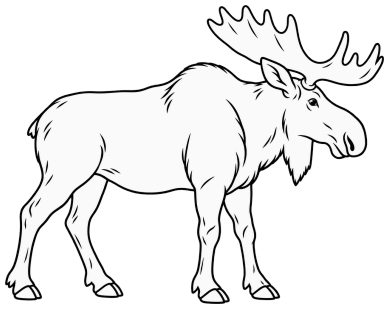

Print at actual size / 100%. Disable fit-to-page.
Use the paper edition that matches the printer tray.

Moose tracing and cutout studies

ex2-0803 / LETTER / Broad-antler side outline / 100 + 50 mm

100 mm longest axis

50 mm longest axis

Same design, measured sizes - not fitted to paper.

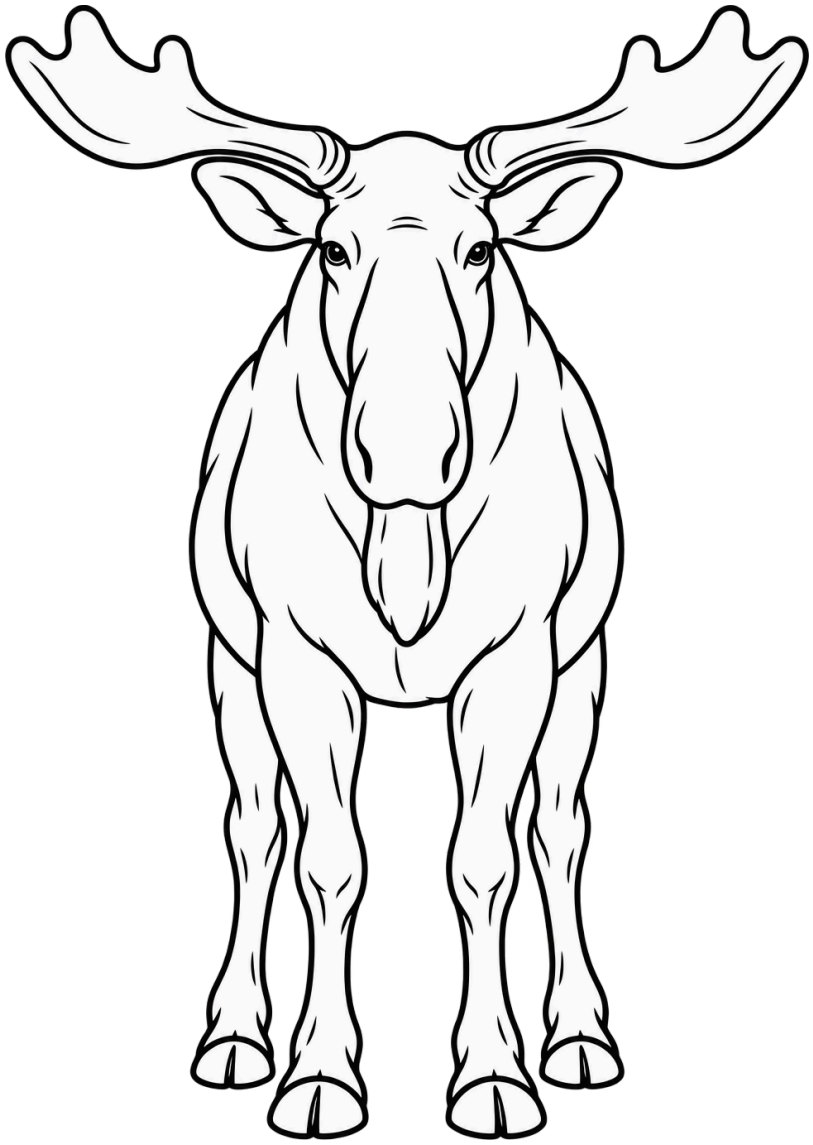

Outline details are drawing lines, not extra cut instructions.

50 mm print check

Print at actual size / 100%. Disable fit-to-page.
Use the paper edition that matches the printer tray.

Moose tracing and cutout studies

ex2-0803 / LETTER / Front outline / 150 mm

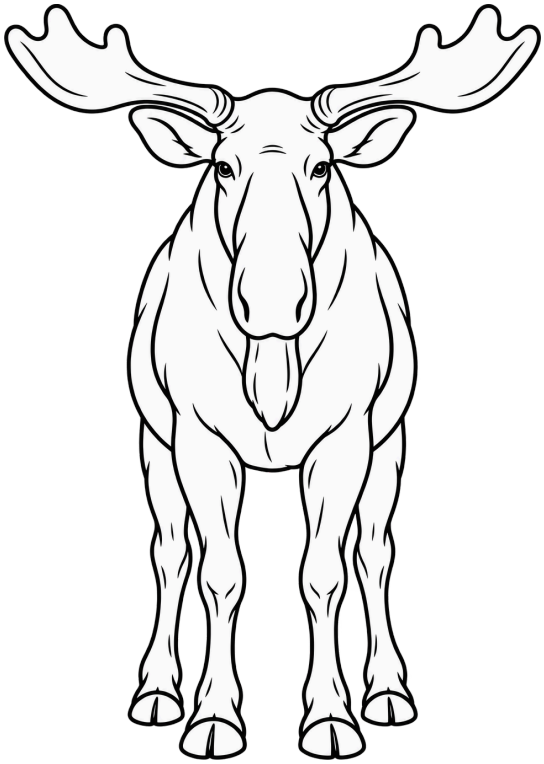

Longest drawing axis: 150 mm. Bounds: 106.3 x 150.0 mm.

50 mm print check

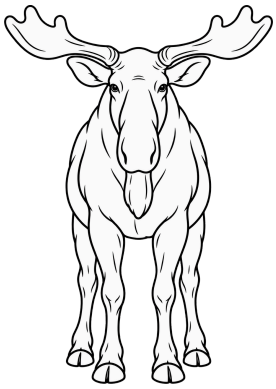

Print at actual size / 100%. Disable fit-to-page.
Use the paper edition that matches the printer tray.

Moose tracing and cutout studies

ex2-0803 / LETTER / Instructions

PURPOSE

Original simplified bull moose studies for tracing, coloring and loose paper cutouts.
Two outline views show broad palmate antlers; the cut silhouette uses the side view.

DRAWING FACTS

- Side outline: 150.0 x 118.0 mm at 150 mm; 100 and 50 mm versions included.
- Front outline: 106.3 x 150.0 mm at 150 mm; 100 and 50 mm versions included.
- Side solid: 150.0 x 118.0 mm at 150 mm; 100 and 50 mm versions included.

MATERIALS

Paper for tracing or coloring; suitable card for loose cutouts; pencil, ruler and scissors.

HOW TO USE THESE PAGES

1. Choose the view and size. Pages 1-4 are outlines; pages 5-6 are side cut silhouettes.
2. Print the correct paper edition at 100%. Measure the 50 mm reference bar first.
3. Trace the outside edge. Interior lines are drawing details, not extra cut paths.
4. For a loose cutout, cut around the outer contour. Keep the antler paddle joined to the head; at 50 mm, round tiny tine gaps rather than cutting deep slits.
5. If a join is too small for your material, use the larger drawing and store it flat.

BEFORE YOU CUT

These are stylized craft studies, not anatomy or species-identification references.
Try one small cut on your chosen paper or card before making repeat copies.
A loose cutout is not a bridged stencil. No cutting-machine compatibility is claimed.
Check the 50 mm bar and the antler/hoof joins on your own printer and material.

50 mm print check

Print at actual size / 100%. Disable fit-to-page.
Use the paper edition that matches the printer tray.
