PURPOSE

Original limpet studies for tracing, coloring and loose paper cutouts. Includes low ribbed profile, oval ribbed top view and a solid shape.

DRAWING FACTS

- low ribbed profile: 150, 100 and 50 mm longest-axis versions.
- oval ribbed top view: 150, 100 and 50 mm longest-axis versions.
- Solid low ribbed profile: 150, 100 and 50 mm longest-axis versions.

MATERIALS

Plain paper or suitable card; pencil, ruler and scissors.

HOW TO USE THESE PAGES

1. Choose the view and paper size. Print at actual size (100%) and measure the 50 mm bar.
2. Trace or color interior marks. For loose cutouts, cut the outer contour only.
3. At 50 mm, choose a larger version if a fine detail looks too small to trace or cut.
4. Label reusable loose cutouts on the back and store them flat.

LIMITS AND CHECKS

- Stylized craft drawing; not a species-identification or anatomy reference.
- Physical printing, cutting and recognition: OWNER-WAIVED / NOT TESTED.
- Reviewed digitally; physical printing and cutting were not tested.
- Loose cutout art is not a cutter-ready stencil.
