Woodpecker tracing and cutout studies

ex2-0919 / LETTER / Instructions

PURPOSE

Original stylized woodpecker studies for tracing, coloring and loose paper cutouts.
The side and second outlines show distinct whole-body views of one subject.

DRAWING FACTS

- Side outline: 62.0 x 150.0 mm at 150 mm; 100 and 50 mm versions included.
- Second outline: 59.3 x 150.0 mm at 150 mm; 100 and 50 mm included.
- Side solid: 61.9 x 150.0 mm at 150 mm; 100 and 50 mm versions included.

MATERIALS

Paper for tracing or coloring; suitable card for loose cutouts; pencil, ruler and scissors.

HOW TO USE THESE PAGES

1. Choose a view and size. Pages 1-4 are outlines; pages 5-6 use the side solid.
2. Print the correct paper edition at 100%. Measure the 50 mm reference bar.
3. Trace the outside edge. Feather, toe and bark marks are drawn details, not cuts.
4. For a loose cutout, cut around the outer contour and keep small parts joined.
5. Draw bark and toe lines; cut around the joined bird-and-trunk edge.
6. Use a larger size for thick card; keep narrow bills and leg joins broad.

BEFORE YOU CUT

The side cutout joins the woodpecker and trunk as one motif; it uses more ink.
These are stylized craft studies, not anatomy or identification references.
Try one small cut on your chosen paper or card before making repeat copies.
A loose cutout is not a bridged stencil. No cutting-machine compatibility is claimed.
Check the 50 mm bar and the small joins on your own printer and material.
