Blueberry craft drawing

One original drawing / large tracing master

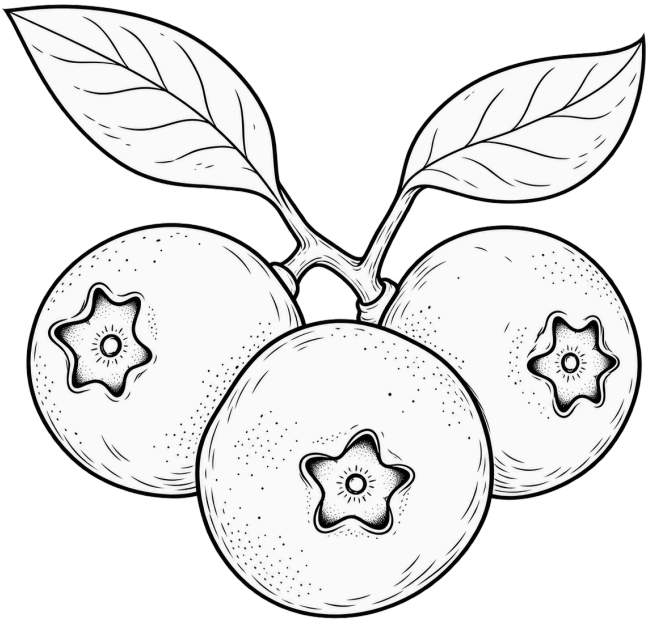

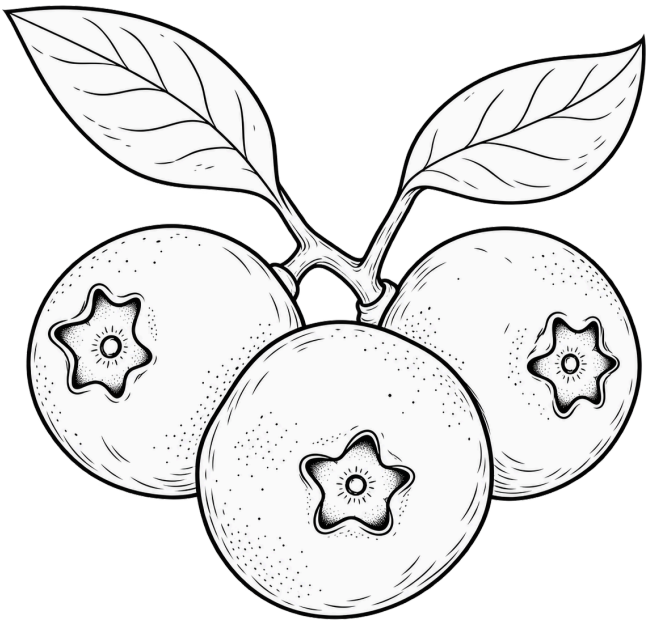

Trace or color the blossom-end hollows, skin marks and leaf veins. For a loose cutout, follow a broad joined outer contour; do not cut each small mark.

50 mm scale check | Measure after printing

Blueberry craft drawing

Two medium copies / keep size variations together

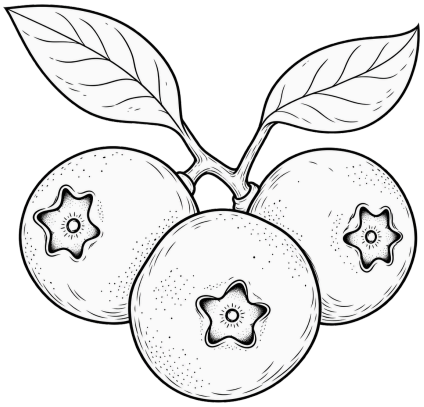

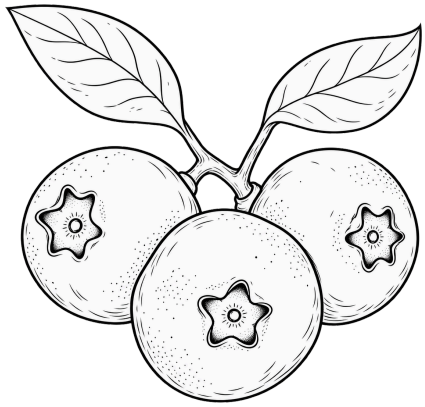

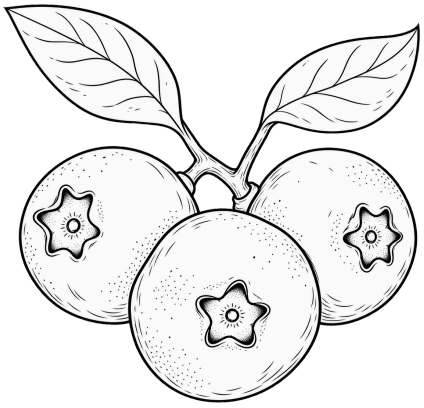

50 mm scale check | Measure after printing

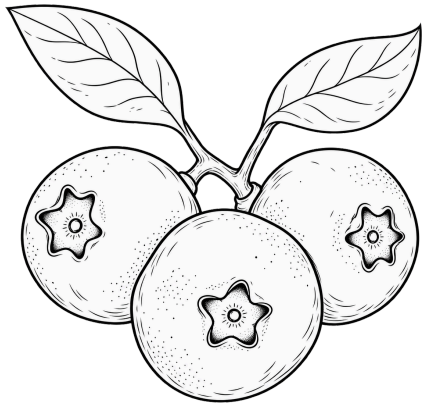

Blueberry craft drawing

Four small copies / repeat a motif without shrinking the whole page

The 150, 85 and 55 mm sizes are longest art axes. At 55 mm the joined cut edge is a berry cluster; the recessed blossom-end stars identify the outlined blueberries and remain drawing details.
