Flute tracing and cutout studies

ex2-1043 / LETTER / Lip-plate and keys front / 150 mm

150 mm longest drawing axis

50 mm print check

Print at actual size / 100%. Disable fit-to-page.
Use the paper edition that matches the printer tray.

Flute tracing and cutout studies

ex2-1043 / LETTER / Lip-plate and keys front / 100 + 50 mm

50 mm longest axis

100 mm longest axis

Same drawing at measured sizes.

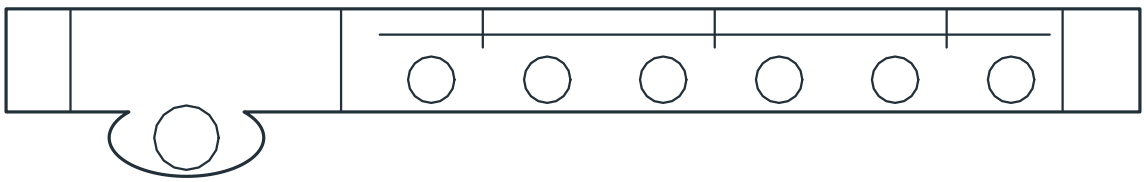

Inner marks are drawing details, not extra cuts.

50 mm print check

Print at actual size / 100%. Disable fit-to-page.
Use the paper edition that matches the printer tray.

Flute tracing and cutout studies

ex2-1043 / LETTER / Key-rod reverse side / 150 mm

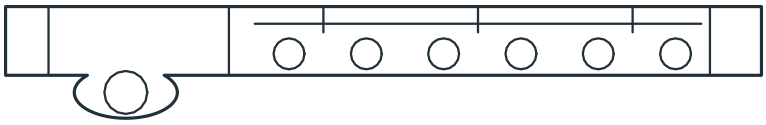

150 mm longest drawing axis

50 mm print check

Print at actual size / 100%. Disable fit-to-page.
Use the paper edition that matches the printer tray.

Flute tracing and cutout studies

ex2-1043 / LETTER / Key-rod reverse side / 100 + 50 mm

50 mm longest axis

100 mm longest axis

Same drawing at measured sizes.

Inner marks are drawing details, not extra cuts.

50 mm print check

Print at actual size / 100%. Disable fit-to-page.
Use the paper edition that matches the printer tray.

Flute tracing and cutout studies

PURPOSE

A transverse flute with lip plate, embouchure and keywork viewed from the cup and reverse rod sides.

DRAWING FACTS

- Lip-plate and keys front: 150, 100 and 50 mm longest-axis versions.
- Key-rod reverse side: 150, 100 and 50 mm longest-axis versions.

MATERIALS

Plain paper or suitable card, pencil, ruler and scissors.

HOW TO USE THESE PAGES

1. Choose a view and size. Print the matching paper edition at actual size (100%); measure the 50 mm reference bar.
2. Trace or color inner marks. For a loose cutout, cut the outer edge only.
3. Inspect the 50 mm contour and narrow joins digitally. Use a larger size when a small detail may be hard to handle.

LIMITS AND CHECKS

- Stylized craft study, not an engineering or architectural construction reference.
- Loose paper cutout artwork is not a cutter-ready stencil.
- Reviewed digitally; physical printing and cutting were not tested.

Print at actual size / 100%. Disable fit-to-page.
Use the paper edition that matches the printer tray.
