Weather coloring scene collection

ex2-1297 / A4 / Instructions

PURPOSE

Four weather coloring scenes: clouds over fields, sun after rain in a garden, a windy day with a kite, and a changing sky above rooftops.

DRAWING FACTS

Four 184 x 174 mm panels. Letter and A4 keep the same art size. The horizon, clouds, rain, wind and foreground belong to each scene; interior lines are coloring details, not cut marks.

MATERIALS

Plain paper, coloring pencils or pens, and a ruler for the 50 mm reference bar.

USE

Choose one scene and print the matching paper edition at actual size. Color directly, or trace a favorite weather detail onto another sheet. Keep the outer border as a drawing frame.

CHECK

Confirm the 50 mm bar after printing. Try coloring materials in a margin first. These decorative scenes do not represent a weather forecast.
