Geometric coloring scene collection

ex2-1300 / LETTER / Instructions

PURPOSE

Four geometric coloring compositions: a balanced diamond quilt, a radial kaleidoscope, an angular flower garden, and three patterned arches.

DRAWING FACTS

Four 184 x 174 mm panels. Letter and A4 keep the same panel size. The repeated diamonds, radial sectors, polygon flowers and arch panes are coloring regions; interior lines are not cut marks.

MATERIALS

Plain paper, coloring pencils or pens, and a ruler for the 50 mm reference bar.

USE

Choose one composition and print the matching paper edition at actual size. Color directly, or trace a favorite pattern onto another sheet. Keep the outer border as a drawing frame.

CHECK

Confirm the 50 mm bar after printing. Try coloring materials in a margin first. Each composition uses intentionally repeated geometric shapes.
